

MONOCHROME WORKGROUP DOCUMENT SYSTEMS

Sophisticated features that get the job done.

The Sharp MX-M232D delivers the advanced performance needed for today's small office—all in a value-driven, multifunction document system. This 23 ppm versatile performer comes equipped with electronic sorting as well as 600-dpi speed-enhanced PC printing. But that's not all! The MX-M232D also offers full-color ledger-size PC scanning—enabling you to share or archive documents with just a few keystrokes. With up to 1,100-sheet paper capacity, this robust MFP can easily keep pace with even the most demanding offices. And, with flexible connectivity options such as PCL®6 and PS®3 network printing, network scanning and Super G3 faxing, the Sharp MX-M232D can easily help grow your business.

Key Features

- **Crisp black-and-white documents can be quickly and accurately produced at speeds up to 23 pages per minute**
- **Offers full-color, ledger-size PC scanning – enabling you to share or archive documents with just a few keystrokes**
- **Standard 40-sheet Reversing Single Pass Feeder**

Convenient, built-in color PC scanning

Sharp is a leader in the industry with ledger-size, full-color PC scanning for on-the-fly versatility. Now there's no need for extra peripherals that take up valuable office space—with Sharp ingenuity, we've built everything into one compact multifunction device. And with Sharpdesk® integrated document management software, you can edit, save or distribute your documents quickly and effortlessly.

Designed with a Strong Commitment to Protecting the Environment

The new MX-M232D document system utilizes Sharp's micro-fine toner technology, which offers a lower consumption rate than conventional toners, resulting in less packaging material and longer replacement intervals. All Sharp supplies are packaged using fully recyclable materials. All Sharp document systems belong to the ENERGY STAR® program, and RoHS program.

Integrated Super G3 fax option

With the Super G3 Fax Module installed, the MX-M232D becomes a powerful workgroup facsimile, offering advanced features such as duplex scanning, ledger-size reception and more. Ideal for high-volume faxing, the MX-M232D can also broadcast up to 200 destinations and store up to 300 auto-dial numbers, all of which can be managed through the MFP Home Page.

Enhance your workflow with advanced networking

Maximize capabilities of your MX-M232D with optional full-color network scanning and feature rich network printing! With simple plug-and-play operation, the optional full-featured Network Expansion Kit offers PCL6 network printing, walk-up scanning, web-based device management and more. With Sharp's easy-to-use utilities and driver software, the versatile MX-M232D can easily integrate into an existing network environment.

Convenient Card Shot feature

Now you can easily copy both sides of an ID or insurance card in 2 easy steps. The innovative Card Shot function holds the first side of the card in memory, captures the reverse side, and then copies both onto one side of the paper, helping minimize paper costs and saving valuable time through improved workflow efficiency.
