For information on how to enter text, see the Quick Guide.

Installing the printer driver

■ For Windows users

Put the Drivers CD into your CD drive.

Follow the on-screen instructions to continue installation.

■ For Machintosh users

Put the Drivers CD into your CD drive.

Open the folder on the CD-ROM that contains the desired printer driver.

- → Select the folder according to the printer driver, operating system, and language to be used.
- → Navigate to : Driver > MacOSX > OS_10_10_x

Copy the driver file onto the desktop.

- → The driver folder varies depending on the required size. Select the file according to your environment.
- To mainly use the metric-based paper size such as A4 size : Japanese: "JP_A4" folder.

Other than Japanese: "WW_A4" folder.

To mainly use the inch-based paper size such as 8 1/2 x 11: "WW_Letter" folder.

Double-click the file copied onto the desktop.

The printer driver installer starts.

Click Continue, following the instructions on the pages that follow until the **Install page** appears.

Click Install.

→ When the name and password prompt appears during the procedure, enter the Administrator name and password.
